## PENDING ACTIVITIES AND PROJECTS

Revised August 2, 2021

- 1. PERFORMANCE REVIEW OF POLICE CHIEF AND THE CITY MANAGER. The reviews were discussed by the Commission at its January 14, 2020, continuation meeting. The Commission directed that it be reminded in October 2020 to begin the reviews for the calendar year, with the reviews to be discussed at the Commission's December 7, 2020, meeting. Information for review of the City Manager was provided to the Commission in October. As Chief Hardwick had been elected Sheriff of St. Johns County, the Commission did not do his review as he had left his position as Police Chief. At their December 7, 2020, meeting, the Commission by consensus decided that each Commissioner would meet with the City Manager to discuss his evaluation.
- 2. LAND DEVELOPMENT REGULATIONS CHANGES. There are three changes. The first concerns drug/alcohol rehab and medical facilities. The Commission discussed this topic at its May 3<sup>rd</sup> meeting. In response to that discussion, the City Attorney prepared an ordinance for to amend Section 3.02.03 of the Regulations. The amendment stated that businesses required to be regulated by Chapter 397, Florida Statutes, Substance Abuse Services, are prohibited in the City. The Commission reviewed the ordinance at its June 7<sup>th</sup> meeting and passed it on first reading. The ordinance had its first public hearing and second reading at the Commission's July 6<sup>th</sup> meeting. It is now scheduled for its second public hearing and final reading at the Commission's August 11<sup>th</sup> meeting.

A second change is to have the first public hearing for amendments to the Land Development Regulations and Comprehensive Plan held by the Planning Board. The ordinance for this change was approved on first reading at the Commission's July 6<sup>th</sup> meeting. The ordinance's first public hearing will be held at the Commission's August 11<sup>th</sup> meeting.

A third change is to allow the Planning Board to approve certain conditional use permits. The ordinance is scheduled for its first public hearing at the Commission's August 11<sup>th</sup> meeting.

3. UPDATING STRATEGIC PLAN. As its January 7, 2019, meeting, the City Commission decided to do the update itself with the City staff. At later meetings in 2019, the Planning Board and the Sustainability and Environmental Planning Advisory Committee provided suggestions for the plan. The Commission agreed with the City Manager's suggestions for items in the plan and asked him to include in it parking infrastructure. The City Manager has prepared a Mission Statement, a Vision Statement, a Values Statement and a list of goals and the tasks each. The Commission reviewed the plan and provided comments at its January 14, 2020, continuation meeting. The topic was on the agenda for the Commission's February 1<sup>st</sup> meeting, but because of time, the Commission scheduled discussion of it to the continuation meeting on February 8<sup>th</sup>. At that meeting, the Commission provided some suggestions for changes and Commissioner George will work with the City Manager on changes to the wording for the plan's Vision Statement.

At its April 5<sup>th</sup> meeting, the Commission reviewed the City administration's recommendation concerning the implementation of the plan's first goal, Transparent Communication with Residents and Property Owners, and discussed how to better communicate with residents and businesses, such as a text message system. One improvement will be having money in the Fiscal Year 2022 budget to

purchase an electronic sign to replace the old-fashioned meeting announcement sign that is adjacent to SR-A1A on the west side of city hall. However, because of budget constraints, the electronic sign was deleted from the Fiscal Year 2022 budget.

4. PARKING PLAN. The City Commission has changed the focus of the parking plan from paid parking to improvements for parking on City-owned plazas and streets. The staff will draft a five-year plan and the Police Department is to determine the most effective parking regulations for the streets west of A1A Beach Boulevard. Proposed locations for parking improvements were provided to the Commission at its May 3, 2021, meeting. However, because that meeting ran late, the topic was postponed for discussion at the Commission's May 24<sup>th</sup> continuation meeting. As that meeting, the Commission by consensus asked that City staff present a list of parking projects to the Planning Board for it to prioritize. The Board discussed this request at its June 15<sup>th</sup> meeting and decided that each Board member will provide their list of parking projects. As only the Chairman submitted a list and as there were only four Board members present for the July 20<sup>th</sup> meeting, the topic of parking improvements was tabled. The Board may discuss the topic at its August 17<sup>th</sup> meeting.

At the Commission's October 5, 2020, meeting, a Commissioner proposed that paid parking be discussed again. However, no date has been scheduled for that discussion.

## 5. JOINT MEETINGS:

- a. With the County Commission. No date has yet been proposed by either Commission for a joint meeting.
- b. With the Comprehensive Planning and Zoning Board and the Sustainability and Environmental Planning Advisory Committee (SEPAC). The Commission held the workshop with these two boards on May 18<sup>th</sup>. Matters discussed included Ordinance 21-04, to change the building setbacks for small-platted lots and to abolish the overlay district; and communications/relations between the Commission and the two boards. Two outcomes of the discussion were the possibility of giving the Planning Board the authority to approve certain conditional use permits, and that SEPAC should submit its proposed Land Development Regulation changes to the Planning Board, which will then decide whether to recommend the changes to the Commission. To date, SEPAC hasn't submitted any proposed changes to the Planning Board.
- 6. UPDATING PERSONNEL MANUAL. During 2021, the City Commission amended the Manual several times. The Commission adopted the latest changes at its June 7, 2021, meeting: to make minor changes regarding shift work for the Police Department; to make minor modifications to the Standards of Conduct and Discipline; to delete the regulation concerning employees making long-distance telephone calls on a City phone; to delete sick leave incentive pay and add an employee's birthday as a personal holiday; and to change the criteria of employees who cab denote their sick leave to another employee and who can be a recipient of the donation.
- 7. LED STREETLIGHTS. FPL has put eight new lights along State Road A1A. For 10 new lights along A1A Beach Boulevard, an agreement has been signed with FPL for them. Also, the Public Works Director presented a plan to the City Commission at its May 3<sup>rd</sup> meeting for FPL to convert to LED streetlights the lights on arterial and collector roads in the City. However, because that meeting ran late, approval

of the plan was postponed to the May 24<sup>th</sup> continuation meeting. Also, at the meeting, the Commission authorized replacing the existing high pressure sodium streetlights along the Boulevard with LED lights but with lower illumination power. The City is waiting for a revised contract with FPL.

- 8. GRANTS. The Public Works Director has prepared applications for grants from the following agencies:
  - a. Florida Recreation Development Assistance Program, \$106,500, for restrooms at Ocean Hammock Park. City match would be \$35,500. Total project cost: \$142,000. The Governor approved the appropriation and the contract with the Florida Department of Environmental Protection has been signed. The restrooms have been designed by a local architect and the Public Works Department has done the site design. The St. Johns River Water Management District has approved the permit. The City is advertising for bids. Construction will be started during late summer 2021.
  - b. Coastal Partnership Initiative: \$25,000, to fund planning for other improvements to Ocean Hammock Park: picnic pavilion, observation platform, playscape for children, more trails. City match would be \$25,000. Total project cost: \$50,000. Though it is federal money, the grant is provided through the state, which has approved it, and the grant agreement has been executed. Contract with a parks design firm has been signed. The survey has been completed, plans are 50% complete and the City will submit an application for a permit from the St. Johns River Water Management District within the next two months.

The Public Works Director has applied for another Partnership grant for \$60,000 for additional improvements to Ocean Hammock Park. The application was submitted on September 25, 2020. The state has approved the grant. The grant agreement will be executed upon completion of design and permitting.

- c. Florida Resilient Coastlines Program to do a Vulnerability Assessment and Adaptability Plan. Total amount requested \$72,000. No match required. This will involve updating the City's stormwater model, identifying vulnerabilities, and recommending options for inclusion in a future Public Works Capital Improvements Plan. The Governor approved funding, a civil engineer has been hired and work on the study has started. A public meeting to explain the plan, obtain feedback and discuss coastal resiliency occurred on February 24, 2021. The final report was presented at the City Commission's May 3<sup>rd</sup> meeting. The report has been accepted by the state and the City has requested reimbursement of the costs.
- d. St. Johns River Water Management District Cost Share Program: Grant applied for in February to provide funds for the new weir at the City's Mizell Road retention pond. The amount requested was \$600,000. The District appropriated the money in its Fiscal Year 2021 budget and the contract has been executed. The City advertised for bids and the bid was awarded scheduled to Sawcross, Inc., which has started construction.
- 9. NON-CONFORMING BUSINESS SIGNS. The City's sign code has a height limit of 12 feet for business signs. A number of businesses have signs that exceed that height. According to the code, these signs must be made conforming by August 2023. The Building Official and his staff will notify the businesses of this requirement and will work with them to bring these signs into conformity.

10. CHARGING STATION FOR ELECTRIC VEHICLES. The Public Works Director is working with the staff of the North Florida Regional Transportation Organization to have a charging station for the public at city hall. The Public Works Director met with the company that builds the stations to determine the location for the station, which will be two charging stations next to Building C on the west side of the south city hall parking lot. In early December, the charging station was constructed. The company has provided a proposed contract, which the City Attorney. Final execution of the contract is pending.

## 11. FLOODING COMPLAINTS. Citizens have expressed concerns about the following areas:

- a. Ocean Walk Subdivision. The subdivision is located on the east side of Mickler Boulevard between Pope Road and 16th Street. Earlier in 2020, the ditch that borders the subdivision's west side was piped. Ocean Walk residents have complained that the piping of the ditch has caused flooding along the subdivision's west side. The Public Works Director had the Mickler and 11th Street ditches clear of debris, so as to improve the flow of water, and proposed that the subdivision be surveyed and the City's civil engineering consultant. CMT, review the project. At the Commission's September 14, 2020, meeting, the City's civil engineering consultant, Mr. Gary Sneddon of CMT, described project and its technical basis for piping the Mickler Boulevard ditch. At its October 5th meeting, the City Commission didn't approve an amendment to the contract with CMT for an investigation and flood control improvements for the Ocean Walk subdivision and asked the Public Works Director to prepare a Request for Qualifications, so that the Commission could consider an engineering firm to review the Ocean Walk drainage issues. The deadline for responses to the RFQ was November 23, 2020. The Public Works Director prepared an addendum, which was advertised before Thanksgiving. The deadline for the RFQ is December 8, 2020. A committee of City employees reviewed the three proposals that were submitted and recommended the City be authorized to negotiate with the Masters Design Group of St. Augustine. The Commission approved the authorization at its January 4, 2021, meeting. At its March 1st meeting, the Commission approved the contract with Matthews. In March, the City was notified that its request to the Florida Legislature to appropriate \$694,000 for Ocean Walk drainage improvements was approved and in late May the City was notified that the appropriation had survived the Governor's veto. The Public Works Director is preparing information the execution of the grant agreement.
- b. Oceanside Drive. This street is located in the Overby-Gargan unrecorded subdivision, which is north of Versaggi Drive. A survey has been done to determine the road's right-of-way and the design of a new road is underway by the City's civil engineering consultant.
- c. St. Augustine Beach and Tennis Complex and Private Pond between Ocean Trace Road and the Sabor de Sal Subdivision. The private retention pond for the Beach and Tennis condo complex is too small and floods during periods of heavy rainfall. The flooding threatens the condo units that border the pond. The Sabor de Sal subdivision had a pond that is owned by the adjacent property owners. It also floods and threatens private property. The area needs a master plan that will involve the City, private property owners and the Florida Department of Transportation. The Public Works Director plans a town hall meeting the affected parties, to discuss a possible

- private/public partnership. A preliminary step will be the hiring of a consulting engineer to do an assessment and develop project alternatives.
- d. A resident of 6<sup>th</sup> Street east of the Boulevard has complained about flooding on adjacent streets. The Public Works Director is investigating the causes.
- e. A Street east of the Boulevard. Vice Mayor Samora spoke of this ongoing problem at the Commission's February 8<sup>th</sup> meeting. On February 26, 2021, Commissioner Samora, the Public Works Director, the City Manager, the County's Interim Public Works Director and interested citizens met on A Street at the location of the flooding problem. The Vice Mayor met with County and City staff members at A Street on July 9, 2021, to review the plan for improvements. An underground drain will be constructed along the north side of A Street along with a sidewalk. The project will be done in the fall, after the summer tourist season.
- 12. STORMWATER UTILITY FEE. For a funding source to pay for improvements to the City's drainage system, the Public Works Director proposed a stormwater utility fee at the City Commission's October 5<sup>th</sup> meeting. The Commission decided not to levy the fee at that time. On June 17, 2021, the Commission had a workshop meeting and reviewed the Public Works Director's list of drainage needs and projects, the proposal to have a stormwater fee that each property owner would pay and the need to hire a consultant with expertise in developing a stormwater fee. The Commission decided it need more information and that it might consider the hiring of a consultant at a future meeting.
- 13. SOLID WASTE COLLECTION AND RECYCLING. The current contract for a private company to pick up recyclables in the City expires in May 2022. At its May 3, 2021, meeting, the City Commission decided to hold a workshop meeting on Monday, May 24<sup>th</sup>, to discuss recycling. That outcome of the workshop was direction to the staff for the City to seek Requests for Proposals from solid waste companies and for the City staff to develop a proposal for the City to provide recycling pickup service with its own crews and trucks. Also, on June 17, 2021, the Commission held a workshop meeting to increase the non-ad valorem assessment that residential property owners pay for the solid waste service. The Commission decided to put a fee of \$211 per household in the Fiscal Year 2022 budget, which will go into effect on October 1, 2021.
- 14. REFURBISHING AND HIGHLIGHTING CITY'S CIVIL RIGHTS MONUMENT. The monument is located on the south side of pier park and adjacent to the bocce courts. It commemorates the attempt by black citizens to integrate the "whites only beach" in front of the former city hall in the summer of 1964. The monument was erected by July 2002 and paid for by the Northrup Grumman Corporation. At its September 22, 2020, meeting, the City Commission asked the City Manager to work on a vision for the monument, to take pictures of it for the City's website and social media, to have a picture of it put in the city hall corridor, and to seek funding to repair the monument, which has a metal base that's been corroded. At the Commission's May 3, 2021, meeting, Commissioner George reported she is having ongoing discussion with the St. Johns County Cultural Council and that she will bring proposals and timelines to the Commission in June.
- 15. BEACH RESTORATION. St. Johns County is the local sponsor of beach restoration in the City, as money from the bed tax is used to pay the County's share of the cost for each restoration project. According

- to the County's Coastal Manager, the next renourishment of the City's beach is scheduled to be done in 2023. In the meantime, the County is discussing whether a renourishment project may need to be done sooner because of severe erosion of the beach in the vicinity of the County fishing pier.
- 16. QUARTERLY REPORTS ON PROGRESS OF PROJECTS. At its September 22<sup>nd</sup> budget meeting, the City Commission asked the City Manager to provide at the end of each quarter in the Fiscal year a report on the progress of projects and expenditures for them. The Finance Director prepared a spreadsheet, and the first quarter's report was provided to the Commission in January 2021. The report for the second quarter (January through March) was forwarded to the City Commission in April. The next report was submitted to the Commission in July.
- 17. REPAIR OF POPE ROAD. At the City Commission's February 1<sup>st</sup> meeting, a resident complained about the poor condition of Pope Road. As the street is owned by the County, the City Manager sent a request to the County Administrator, Hunter Conrad, that the road be put on a schedule for repair. In a February 5<sup>th</sup> email, Mr. Hunter replied that he had forwarded the City's request to the County's Interim Public Works Director, Mr. Greg Caldwell. The City Manager also requested that the County work with the Florida Department of Transportation on improvements to the intersection of State Road A1A and 16<sup>th</sup> Street, as 16<sup>th</sup> Street is owned by the County. Mr. Caldwell replied that the repair of Pope Road is on the County's list of projects to do.
- 18. NEW YEAR'S EVE FIREWORKS SHOW. Because of the pandemic, the show for December 31, 2020, was cancelled. At its February 1<sup>st</sup> meeting, the Commission discussed whether to have it on December 31, 2021. The consensus was for the City staff to work on plans for a smaller, scaled down event. At its April 5<sup>th</sup> meeting, the Commission approved the proposal of Ms. Conlon, the Events Coordinator, to have a New Year's Eve event that will benefit local businesses. Ms. Conlon will provide the next update report to the City Commission at its August 11, 2021, regular meeting.
- 19. PROPOSAL TO DEED THREE LOTS FOR CONSERVATION. The lots are located along the north side of the unbuilt part of 2<sup>nd</sup> Street, west of 2<sup>nd</sup> Avenue. The two owners want to deed the lots for conservation. In February, the Board of Putnam Land Conservancy informed the City Manager that it has agreed to the owners' proposal to establish a conservation easement on the lots. Any final agreement to do so will require review by the City Attorney and approval by the City Commission.
- 20. INTERGOVERNMENTAL PROJECTS. When the Commission discussed the strategic plan at its February 1<sup>st</sup> meeting, more involvement with the County and St. Augustine was mentioned as desirable. Below is a summary of the City's current involvement with various area governmental entities.
  - a. Resiliency: On March 22<sup>nd</sup>, the Public Works Director and the City Manager met with staff persons from the County and St. Augustine, to discuss what each government is doing concerning resiliency. The County isn't doing a study. However, the two cities and the County agreed to coordinate on resiliency issues. At the Commission's May 3<sup>rd</sup> meeting, the Public Works Director provided report on the City's resiliency study.
  - Mobility: In March, the Public Works Director contacted St. Augustine for information about its mobility projects. The response was an executive summary of St. Augustine's mobility initiatives.
    It was forwarded to our City Commission. Our City's staff met with St. Augustine's to discuss our

City supporting the following: St. Augustine's request to use our city hall parking lot as a park-and-ride location for events happening in downtown St. Augustine; and the River-to-Sea Loop bike/pedestrian trail that will go through the State Park and connect both cities. Also, St. Augustine's staff wants to discuss a potential bike-share program and possibly locate a hub in our City. St. Augustine's Public Works Director, Reuben Franklin, will present his city's mobility plan at the SAB City Commission meeting on August 11<sup>th</sup>.

- c. River-to-Sea Loop: This is a Florida Department of Transportation, St. Johns County, St. Augustine, and St. Augustine Beach project to construct 26 miles of a paved bike/pedestrian trail as part of the 260-mile trail from the St. Johns River in Putnam County to the ocean in St. Johns County. The Loop will then go south through Flagler and Volusia counties to Brevard County. This is a long-term, multi-year project. At this time, the Loop will enter St. Augustine along King Street, go across the Bridge of Lions, south along State Road A1A to the State Park, through the Park and into our City, then along A1A Beach Boulevard to State Road A1A. Though possibly not feasible in all locations, the goal is to have a wide, bike/pedestrian trail separate from the adjacent road.
- d. Transportation Development Plan: The development of the plan involves several agencies, such as the County, St. Augustine, our City, the North Florida Transportation Organization, and the Sunshine Bus System. On February 25<sup>th</sup>, the City Manager attended by telephone a stakeholders' meeting for an update on the development of the plan's vision, mission goals and objectives. Most of the presentation was data, such as population density, percentage of residents without vehicles, senior citizens and low income and minority residents in the County and the areas served by the Sunshine Bus. The next stakeholders' meeting has yet to be announced. The agenda will include transit strategies and alternatives and a 10-year implementation plan.
- e. North Anastasia Island Nature Trail. The City Manager proposes this as an intergovernmental project that would include the County, St. Augustine, and St. Augustine Beach. It would be an offshoot of the River-to-Sea Loop and could include the State Park, the City's Ocean Hammock and Hammock Dunes parks, St. Augustine's Fish Island Park, and the City's Mizell Road retention pond and the 10-acre conservation area west of the pond that the City owns. Combined with the Riverto-Sea Loop, this Nature Trail would make accessible to the public natural areas of Anastasia Island and provide a combined bicycling/walking trail for exercise and recreation.
- f. Pedestrian Crosswalk Safety Signals. The County's study of the A1A Beach Boulevard crosswalks has been completed. City Commissioner Rumrell and County and City staff met to review it on July 9<sup>th</sup>. The study shows that over all the current crosswalk system is working well and only needs some minor changes. The consultant will fine tune the report and most likely will have the final draft done by the end of August 2021.
- 21. AMERICAN RESCUE PLAN ACT. This was passed by Congress and approved by President Biden in February and March 2021. It will provide money to states, cities and counties to help them recover from the pandemic's effects. Our City is eligible to receive \$3.5 million. However, the money can be spent only for allowable projects and will be provided to small Florida cities through the state of Florida. On May 10<sup>th</sup>, the U.S. Treasury Department issued guidelines. Drainage projects appear to be eligible for money from the Plan. The state may provide the first installment of the money to the City

- in late July 2021. At this time, the City's eligible projects will be stormwater-related ones. The City staff will prepare a list of projects for the Commission's review. Money from the Act has to be spent or committed to specific projects by December 31, 2024.
- 22. UNDERGROUNDING OF UTILITIES. At its May 3, 2021, meeting, Commission George ask for Commission support to have Florida Power and Light come to a meeting to discuss the undergrounding project. The City Manager contacted Florida Power and Light, which owns the electric lines, about meeting to discuss the preparation of a presentation concerning costs and scope of work. City staff met with FPL staff on May 25<sup>th</sup> to discuss the preliminary steps, one of the first of which will be to provide FPL a list of the areas where the City proposes the lines be put underground. The City staff will prepare the list and the company will then provide a preliminary estate of the costs to do the project. This information will be presented to the Commission for a decision on the next step.
